Lets Start with opening Incog 2.0

Incog 2.0 is obviously very much Incognito so look harder.
Empowering the Façade for you

Options

Simple in looks and feel

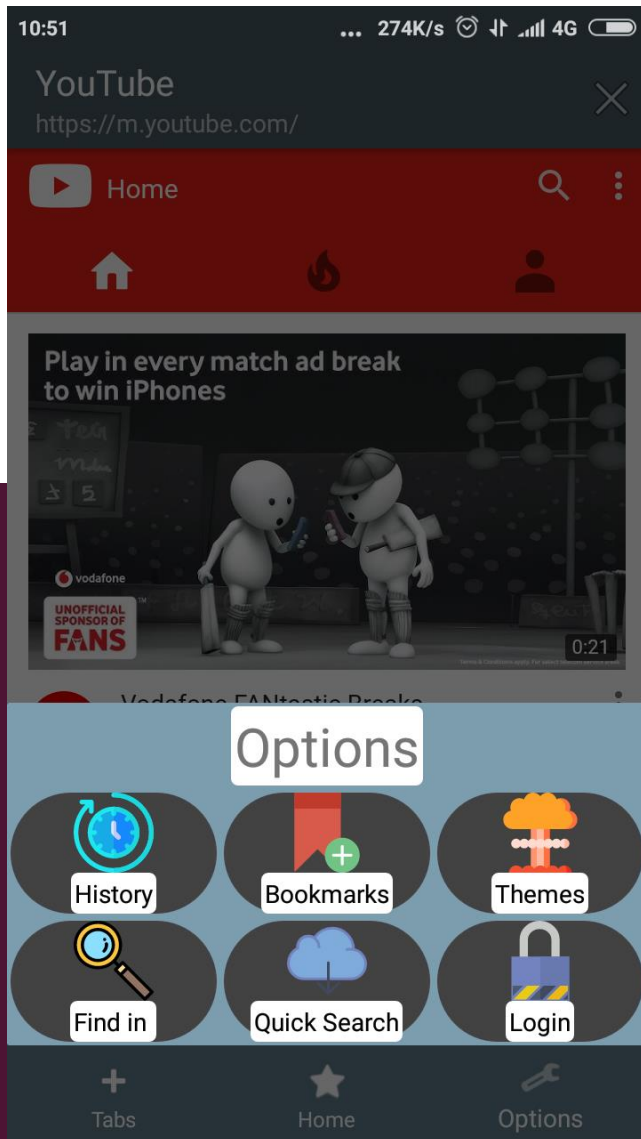

Incog 2.0 is built with keeping user experience in mind so that we provide the user with best experience.
Definitely better than Chrome.

Multiple Toggles at one place

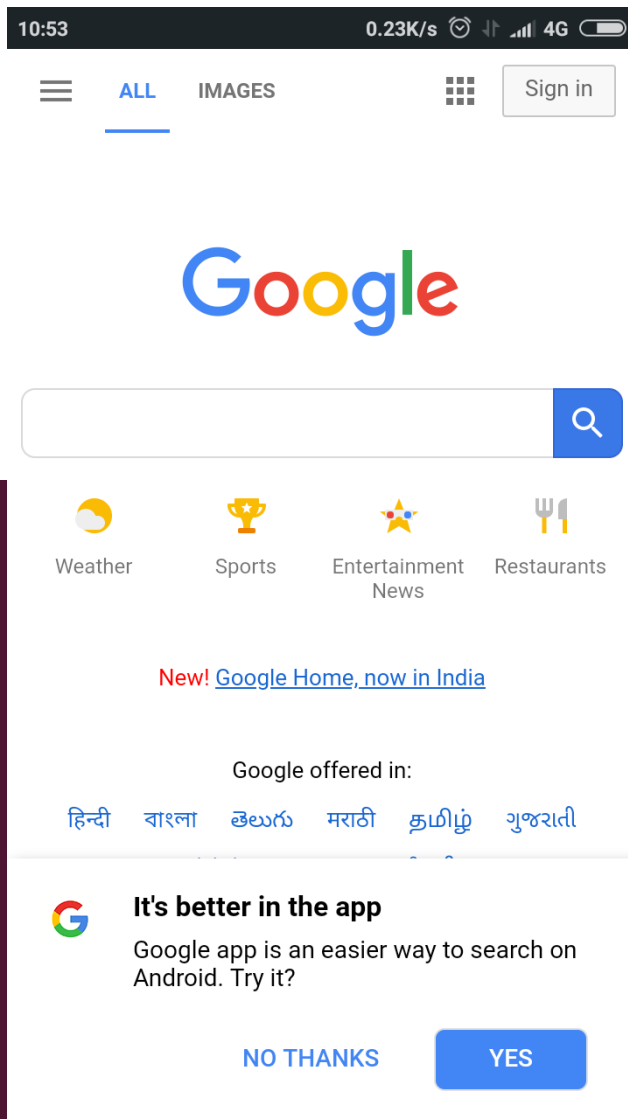

Quick toggles as all given at one place so that you don't have to work too hard.

We know you are lazy.

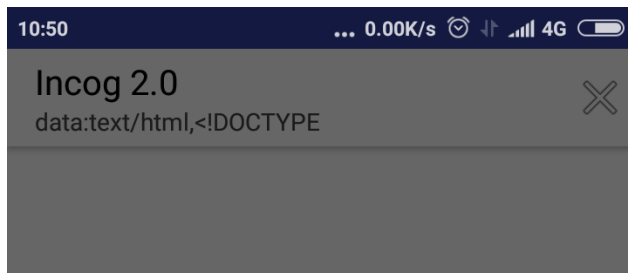

More options to Deal with

Other options are given at auto hiding bottom navigation that compromises many more tools.
Can't let you forbid us.

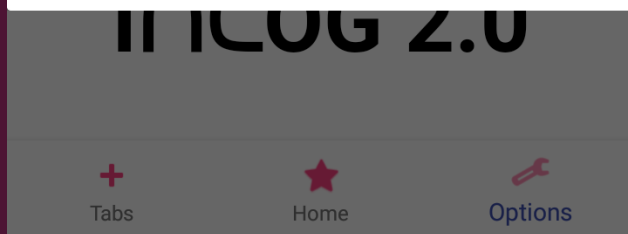

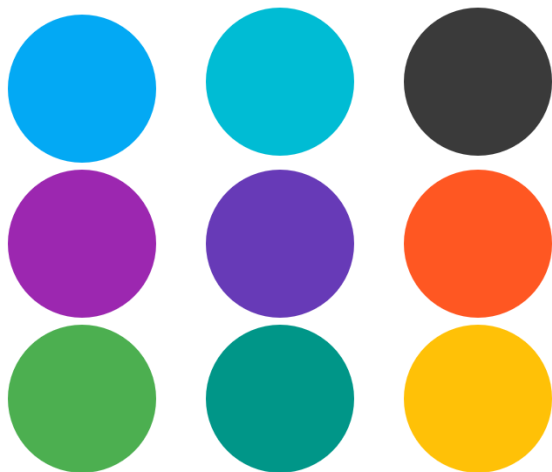

Google on your fingertips

Just with one simple touch,
get google
ask google
forget google

Themes

World is colorful and so is Incog 2.0

With multiple theme options pick the best one that suits your Style.

Full-fills all the requirement of a common web browser, further we have developed:

- Multi-window/taskTabs-management
- Reading mode
- No Image mode
- Flashplayer Toggler
- JavaScript Toggle
- Night Mode
- In-built Proxy
- Ad-block
- Pop up control
- Turning off analytics tracker
- Session History
- Complete History
- Bookmarks
- Themes
- Find in page
- Quick Search
- Login

Has all the features of Full-Fledged Web Browser further we have developed:

1. Destroying session and wipe data if focus is lost.
2. Disable Analytics tracker by default
3. Enable Google Safe-browsing
4. Store no history or session history

WE ARE NOT GOOGLE, WE DON'T KNOW THAT YOU ARE
WATCHING THIS.

Thanks anyways..
